**Bialetti Red Glamour: Design and Colour.
For Celebrations in the Kitchen.**

Details are what distinguish just any gift from a gift with taste. This also stands true for the kitchen, the room that is “lived in” the most. Practical and durable accessories and utensils are required in the kitchen, without, however, renouncing the elegance that only genuine Italian design can provide. This is the case of **Bialetti Red Glamour**, the cookware gift set that has been created in a refined yet passionate red.

Bialetti Red Glamour captures the attention with a decisive look with a great deal of class, where the ergonomic design is enhanced by the colour for a combination that makes the pieces included in this cookware set more than mere utensils. Therefore, **Bialetti Red Glamour** becomes the ideal gift for anyone who loves to renew their kitchen by giving it that something extra.

The special **Bialetti Red Glamour** set is composed of 10 pieces, which include frying pans and pots with covers in two different sizes, a pasta pan, a grill, a steaming basket and a pasta drainer. The outside of the pieces feature a silicone finish that is particularly resistant to frequent use, while the inside is made in an anti-stick, anti-scratch 3 Star Xp finish. The two glass covers are embellished with a stainless steel band. The **Red Glamour** pots and pans are also oven-safe, thanks to the stainless steel handles.
